

Testimonials

We used School Cards in Print Ready last Christmas to print Christmas cards for Corpus Christi. We found Print Ready to be extremely helpful, were very easy to deal with and made the whole process seamless. All the parents were happy with the cards and family and friends loved getting them. I would have no hesitation in using Gary and Print Ready's services again.

Michelle Browne

We have dealt with a few companies over the years for Christmas Cards for the school and I have to say, the guys in School Cards and Print Ready were brilliant to deal with. They had all the info we needed to give to the parents and were quick and on top of their game. The printing was first class. What was most important, they took the hassle out of the job for us on the PA and the teachers. 5 stars.

James & Brid Whelan

We ordered Christmas cards for the school from Gary and his team in Print Ready and they came out very nice. The service was very good and they minimised the amount of work that the teachers had to do. Very smooth and professional service. Great communication. It was a great to raise money for the school and all the parents loved them. We will be using them again this year.
